

Edgar Chávez

UX/UI . Frontend Developer

Interface designer, looking for new and better opportunities to grow and learn new techniques and creative processes.

Background

UX/UI Designer - Frontend Developer

Holicstudio Current . 15 years . Personal Branding

Freelance projects for small and large companies, where interface design, wireframes and frontend are developed.

Frontend Leader

Gerundio Current . 4 years

Technology agency where digital properties are created for various clients. I am in charge of the UX/UI and Frontend area, and together with my collaborators, we develop everything necessary for each project. At this agency, I am the development lead, overseeing all aspects related to technology and the development of websites, online stores, and apps.

UX/UI - Frontend Leader

Diagnostikare 2 years

At a health startup, I played a key role in the development of the digital product, including the app and related services. I was involved in all stages of the product lifecycle, from initial concept and design to implementation and ongoing improvements, ensuring the app met user needs and industry standards.
